“The freshman experience: High stress-low grades”

Z.Papanikolaou, D. Nikolaidis, A. Patsiaouras & P. Alexopoulos. Athletic Insight: 2003 - athleticinsight.com.

The purpose of this article was to discuss the overall stress level experienced by freshmen athletes and to delineate the specific stressors that operate to make the athletic and academic transition particularly difficult for most freshmen student-athletes.

1 The influence of athletic participation on the college adjustment of freshmen and sophomore student athletes

MC Melendez - Journal of College Student Retention: Research, 2006 - Baywood
ABSTRACT Research exploring the experiences of college student athletes has traditionally revealed low levels of academic achievement and success. This was especially true of minority college athletes, who demonstrated lower graduation rates than their majority.

2 The student-athlete model and the socialization of intercollegiate athletes

Marx. S. Huffmon - Athletic Insight, 2008 athleticinsight.com.
This paper explores the congruency between the student-athlete model advanced by the National Collegiate Athletic Association (NCAA) and its member universities and the actual expectations of male and female athletes toward academics and athletics.

3 Comparisons of Risky Health Behaviors between Male and Female College Athletes and Non-athletes

ME Pritchard, B Milligan, J Elgin, P Rush - Athletic Insight, 2007 - athleticinsight.com
Recent data indicate disturbing trends in health problems in college students

In addition, there is concern that athletes may be more at risk for certain health problems than are other student populations.

4 An assessment of gender, sport, and classification of student-athletes on life-stress

SC Tinsley - 2007 - gradworks.umi.com Abstract: The present study assessed the effects of gender, type of sport that student-athletes participate in, and classification of student-athletes on life-stress scores at a small, private division II institution in the southeast part of the United States. Research as indicated that there is.
